# Aging & Disability Resource Center

Serving Calumet, Outagamie and Waupaca Counties

---

From the time we are born, we all do what we can to become as independent as possible. For some, the loss of independence is the result of gradual aging or a physical and/or developmental disability, while for others it is the result of chronic illness.

To maintain the “journey of independence,” it is important to know where to start and how to access services. The Aging & Disability Resource Center is the answer.

The Aging & Disability Resource Center, a no-cost, single point of contact for information and assistance, can help you or your loved one sort out all of the options available so you can make an informed decision about how to proceed and be in control of decisions affecting your independence.

We have gathered information about providers and services in your area including their availability and costs, and have qualified professionals ready to assist you. With your help, together we will develop the right fit of options to meet your individual situation so you can make good choices.

## *WE PROVIDE SERVICES TO:*

- **Older Adults**
- **Adults with Physical Disabilities**
